

# THE HAMLIN HERALD

IN 35TH YEAR—EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS FRIDAY, MARCH 22, 1940

NUMBER 21

## Public Invited to Inspect Water Works, City Park

Mayor Culbertson and the City Council are to be hosts at a formal inspection of the new city property this Sunday afternoon from 2:00 til 5:00 P. M. This means that some of the city officials and employees will be on hand to show you around and explain the new filtration and water treating plant, see the machinery, observe the grounds and get some idea of the size and importance of the new structures.

Also the City Park gates will be open and a good idea of what Hamlin has for recreation will be seen. This means three divisions of the park, the football field, the baseball field and the park proper. It all is something to be proud of and those who can should take advantage of the courtesy and interest shown by the Mayor and Council.

The picture would be complete if the big lake was full, but that will come later.

## Nazarene Revival To Close Sunday Night

The Nazarene church has enjoyed the ministry of Rev. John L. Knight during the past two weeks. His messages have been both spiritual and educational.

Mr. Buford Burgner's work as director of music has been of the highest type and will prove to be of lasting good to all who have heard him.

We want you to hear both of these men during the few remaining services of the week. Friday night is to be one of the high points in the meeting. It is Young Peoples' Night. Saturday night the theme will be The Triumphant God. Sunday morning the subject is Lost and Restored. Sunday night's theme is The Slippery Roads of Life. Be present and lend your influence to help the youth of our city to avoid the dangers of the highway of Life.

Sunday morning we will have a class for you at 9:45 regardless of your age or size and we give you a hearty welcome to our Sunday school.

March to Church in March. At the church where you are always welcome.

DAN D. JONES, Pastor

## METHODIST CHURCH

Yes, next Sunday is Easter! the one day without which all else in the Divine scheme falls apart, comes practically to naught. It would be very difficult indeed to persuade our people to commemorate Easter with as much general enthusiasm as Christmas. But in many respects as a religious fact it is as important.

Attendance in Church school picked up considerably last Sunday. We here cordially invite you to share in all its benefits.

MORNING WORSHIP comes on at 10:50. 10:45 the pastor will christen any babies which may be brought to the altar at that time. The choir has been making ready some choice old Easter hymns for this hour. The pastor will deliver a sermon, clear cut and to the point using as subject, "Thomas Being Absent." Every effort is being employed to make this service of exceptional value.

EVENING WORSHIP is timed to come on at 7:30. The choir takes over this service in an evening of music. All of them, some eighteen or twenty, have been rehearsing, and it is beyond question that this will be one of the high points in our Easter program. You will really miss something worth while if you are absent. Take our word for it!

Young People will meet in their study and worship, 6:30 P. M.

THE PRINCE OF LIFE, the story of Easter in Story and Song, will be given by the Methodist choir at the hour of Evening worship next Sunday evening. Mrs. Gordon Bennett will read the story and the choir, lead by Mr. Glen Caffey, will give the story in song. They wish in this manner to issue an invitation to all who care to come.

HOLY COMMUNION will be administered at the Methodist church on Friday evening. The ritual and responses have been arranged so as to make it possible for all to take part in the service. The young people will have part in an impressive candle light service. All of the other churches, perhaps not represented as active churches here, are invited to communion.

## MRS. BILLY BRYANT PRESENTED IN BOOK REVIEW FRIDAY

Mrs. Billy Bryant, of Stamford, will be guest speaker at a silver tea Friday afternoon, March 22, at 3:00 o'clock in the Hamlin First Baptist church, with the Woman's Literary Club as hostess.

Mrs. Bryant will review Vardis Fisher's novel, Children of God. She is a pleasing speaker, and has recently given a number of book reviews for the Stamford clubs and clubs of surrounding towns. She is

a former member of the Woman's Literary Club, and it is with pleasure the club members present her to the women of Hamlin and community.

Following the review tea will be served and a social hour enjoyed.

The affair is in observance of the Golden Jubilee celebration sponsored by the General Federation of Womens Clubs and each woman of this community is cordially invited to attend.

## Get Ready For Spring---Clean-Up Week March 31

The week of March 31 to April 7 has been set aside as Texas Health, Clean-up and Safety Week by proclamation of Governor W. Lee O'Daniel.

Cities and towns will observe the week with special localized campaigns sponsored by local civic and governmental agencies in co-operation with the State Health Department, the State Fire Insurance Commission, and the Department of Public Safety, sponsors of the week on a state-wide basis.

Dr. Geo. W. Cox, state health officer points out that the accumulation of winter's debris is a menace to the health of adults and children, and everyone is urged to observe clean-up week by removing this health hazard from their premises. Removal of these wastes is not only good housekeeping, but lessens the spread of diseases, particularly those affecting infants.

Collection of waste matter and

trash in and about the home provides a breeding place for flies, which spread typhoid fever, dysentery, diarrhea, tuberculosis, anthrax and cholera. Flies breed, live, and feed in filth. To prevent their infestation, all refuse should be disposed of promptly, garbage kept covered in sanitary containers, and houses screened. Since each area raises its own flies, the number of flies in any neighborhood is an index to sanitary conditions therein.

Destruction of the breeding places of mosquitoes is an important part of clean-up week activities. Malaria, dengue, and yellow fever are spread by the malaria and tiger mosquito. They breed in standing water and can be checked by draining, ditching, or filling in such natural reservoirs which serve as breeding places. Further protection against mosquitoes is provided by WEEKLY spraying of oil on standing water.

## Baptist Revival In Progress

The revival meeting in the First Baptist church will continue through Sunday, March 31. Good interest has been shown in the services thus far. Especially interesting are the chalk talks given each night my Miss Gracia Halsted of Oklahoma City.

The pastor, Rev. H. E. East, is doing the preaching. His messages through Sunday center around the Easter theme. Friday night he will speak on the subject, "Looking Through the Eyes of a Thief." Saturday night, the subject will be, "A

Man With a Head Plus a Wishbone Minus a Backbone." Sunday morning the theme will be "The World's Blackest Assumption."

Tuesday night of next week, Mar. 27, special services will be arranged for High school students. It is urged that every student in High school attend this service. All evening services begin at 7:30 P. M. The morning services are at 10:00 A. M. The public is urged to attend these services.

Mr. and Mrs. Earl Temple and children of Lamesa came down Saturday for a week-end visit with home folks. They were accompanied by their father, W. N. Temple who had spent several weeks with Earl and family. W. N. Temple is perhaps one of Hamlin's most active men, considering his age. He helps his son on the farm in crop months and also maintains a pretty yard and lawn at his home in Hamlin.

The Herald anywhere, 1 yr. \$1.00.

Mrs. W. R. Calhoun and Mrs. Ted Armstrong of Plasterco were called to Vernon Monday by the death of their grandmother, Mrs. M. E. McDonald.

Robert and Eva Louise Fowler, students of John Tarleton College, came in late Thursday for Easter at home with their parents, Dr. and Mrs. P. A. Fowler.

Mrs. J. M. Grigg is visiting her parents in Lubbock this week.

## CHAMBER OF COMMERCE NEWS

ATTENDED ANNUAL BANQUETS: During the past month the president, secretary and others have attended Annual Banquets by invitation at Abilene, Rotan and Haskell. Each of these towns put on good and interesting programs and the true West Texas fellowship was manifest in each of the meetings.

CIVIC COMMITTEE AT WORK:

The chairman of this committee Harold Bonner, had part of his committee with the city aldermen Tuesday night seeking the city's co-operation in ridding the town of the mosquitoes. They were assured by the city officials that something needed to be done and that they were willing to co-operate along constructive lines. This committee also has in mind a campaign later on to be had looking to the cleaning up of our town.

TRARDE EXTENSION Committee: This committee whose chairman is James Dunlap, is all set for a big Easter egg hunt to be held at City Park Saturday, March 23rd, at 10 A. M. All school children of this surrounding trade area are invited to be present. Over 5000 eggs have

been bought. Prizes totaling several dollars in value have been pledged by the merchants. The hunt is sponsored by the Woman's Literary club and will be held at the City Park. Travis Dean, chairman of the publicity committee, will be chief announcer.

MEMBERSHIP AND FINANCE COMMITTEE:

This committee whose chairman is Henry Albritton, has been working already and have obtained several new memberships for our local organization. A part of the committee has as yet their list to work. Mr. Citizen, won't you consider well the importance of taking membership in an organization that has for its purposes the improving, building and bringing better roads and more industries to our friendly city, thereby making it a better place to live and enhance the value of your property as well as all the rest. If for any reason you are overlooked won't you either call the Chamber of Commerce office or come to the office and take out a membership?

W. E. BENSON, Secretary

## Considerable Building and Improvements In Progress

It is always interesting to see folks making preparations for better living. This week there is more than usual activity in building, rebuilding and dolling up places of residence and business, in readying things for the spring and summer.

A new home is under construction for Mr. and Mrs. Ross Fomby, on the corner of Jackson and 5th street. This is one of the choice locations in Hamlin, and from information the house is to be one of Hamlin's best homes. Mr. Fomby says it is to be a full six-room home, three of the rooms on the first floor and three on the second. There will be two baths, and other features, including a second story "deck" and large enclosed porch beneath.

The Fomby home is in charge of contractors, Shelburne and Son.

The most extensive improvements outside of direct building, is that of Mayor Culbertson's place, formerly occupied by the Day family. The work on this place has been more extensive than was at first thought necessary, and yet it will be some days before Mr. and Mrs. Culbertson can move.

B. B. Colwell has been giving the house on 9th street, in front of the Spencer Lumber Yard, a general rebuilding, and is now about ready for occupancy. He has completely overhauled this residence and now it represents a large seven room, two bath very modern residence.

Mr. Colwell also has removed a residence from southeast town to a nice lot on Union Avenue, just west of the Spencer Lumber Yard. This place will be reconditioned and made attractive for use within a few weeks.

H. O. Cassle is doing considerable work on his home on Union Avenue. This will include repairing and repainting.

In the business section, the most pronounced "dress-up" is in the Loy Fry Cafe, from front to back, from corner to corner, and all the front outside as well. To complete the picture, next door the Service Barber Shop connected with the white coat and made a solid front of better appearance. This new painting and other improvements, including the Neon sign at Fry's makes a good "look."

Last week, the new cafe man, Ed Evans, dressed out his famous cafe with an elaborate Neon sign, that adds much to that business block. Mr. Evans also shows his confidence in Hamlin by making several improvements on the inside of his cafe.

Hamlin people have faith in the expected rains of the spring. It would seem that there is more yard work going on in Hamlin this early spring than ever before. As a mat-

ter of fact the soil in Hamlin is so fertile that with just a small amount of moisture, shrubbery thrives wonderfully. It has been determined what species will grow in this community with a limited amount of rain and what will stand the cold of the winters, hence there is less loss in recent years, trying to grow tropical, rank tender plants. Hamlin can be a prettier town and cleaner when all property users take an interest in cleanliness. The vacant lot problem is still with us, an eye-sore to everybody. In recent years vacancies have been caused by removal of houses and burnings of others.

It would meet the approval of most Hamlin people if the City Council would take steps by ordinance to cause owners of vacant property and property made vacant by fires, to clean up and set the property in a sanitary condition. That is not true at present. It is little encouragement to a family to work hard and spend money to make a place clean and attractive and have to live adjoining a vacant lot littered with all kind of rubbish or maybe a pen of stock and chickens. A town or community is as clean and attractive as the people who live in it want it to be.

A general painting campaign will likely be put on in Hamlin a little later, and there is nothing that makes things last and look good more than paint.

This spring Hamlin people will anxiously look for filling of the new lake which everyone hopes will furnish a grade of water that will make flowers and lawns and gardens grow better than the gyp-filled water that we are now compelled to use.

## Dr. Adams Speaker At High School P.T. A.

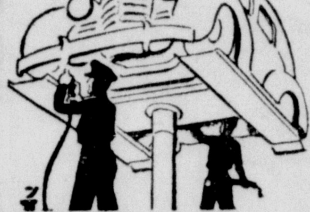

Guest speaker at the Hamlin High School Parent-Teacher Association Thursday afternoon, March 14, was Dr. W. H. Adams, Dean of Abilene Christian College, who spoke on Guiding Youth to Select a Vocation. Dr. Adams stressed the importance of recognizing the youth problem of today in directing young people to vocational fields.

Musical numbers on the program were given by the Schubert Music Club under the direction of Miss Edwina Gilbert, with Mrs. W. C. Russell accompanist.

The senior class won the attendance prize.

J. W. Roberts of Plasterco was called to Stephenville Tuesday by the death of a sister.

ANCHORS AWEIGH!  
GET YOUR CAR  
SHIP-SHAPE  
FOR Spring

There's more than pleasure and freedom from motor troubles in a well-conditioned car... there's SAFETY.

For safety's sake, let us give your car a thorough going over. The Sovereign spring check-up uncovers troubles before they start and prescribes the remedies.

Steer in now for a change-over to spring grade oils and greases. Let us drain and flush your radiator, check your battery and give your car a bumper-to-bumper look-over.

## THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

The week of March 31 to April 7 is designated as Texas Clean-Up and Safety Week, by proclamation by the governor.

—T&amp;T—

Just why should Texas people have to be "proclamized" to call their attention to be clean? Unless sometimes a people is dirty and do not know it.

—T&amp;T—

"Aunt Het" is a famous character by Robert Qullen in the Dallas News. Aunt Het says, "My paper says they're about to unseat a Congressman because of lyin' on the radio during his campaign. If the idea spreads, who's going to make our laws?" Yes, and if the idea spreads who's goin' to issue our proclamations?

—T&amp;T—

Years ago, when some of us were young fellows pulling ticks off our skin was a common thing. Science has whipped the ticks. Why is it not possible to whip the mosquito in a limited area just as well?

—T&amp;T—

And now the month of April has been "proclamized" as "Bluebonnet Month." It will be a good time to sing and play "Beautiful, Beautiful Texas, Where the Beautiful Bluebonnets Grow." Texas is a big place and but only a small part of it grows Bluebonnets. Texas people are big folks and every one loves the little Bluebonnets.

—T&amp;T—

Pulling the rabbit out of its spring hiding with a bunch of colored eggs, always thrills the children, similar to Santa Claus, and a few folks never get over wishing for Santa Claus or wanting somebody to pull a rabbit out of a hat for them.

—T&amp;T—

We see a line from the West Texas Chamber of Commerce saying, public officials, are becoming aroused over the ever growing problem "West Texans, both taxpayers and of public expenditures and taxation

and are going to do something about it" . . . Wonder why they list two classes . . . "Taxpayers and public Officials". The only thing the official need worry about is getting enough tax money to pay the salary. Who makes expenditures grow? Who votes the bonds in a community? Who but wants their community to outshine his neighboring community in point of public buildings, parks, streets, roads, lakes, airports and a dozen other things . . . and it takes money . . . that much talked of "budget analysis" is just some more bunk that makes fine thunder.

—T&amp;T—

## IMPORTANT

Has your child been taken by an enumerator of the school census? Each child taken means \$22.00 to the school.

If you know of any person, who will be between the ages of six and eighteen years of age on next September the first, who is not on our rolls, please call 191, 192, or 232.

Young people born after September 1, 1922 and before September 1, 1934, should be on our rolls. Graduates, married persons or any others whether they attend school or not should be counted. Please help us check for these people.

G. R. BENNETT, Supt.

## Rabbit Drive Starts at Gyp Mill Thurs., 28th

Here is another rabbit drive—it starts at 9:00 A. M. Thursday, Mar. 28, at the Gyp Mill Store and the drive will extend east and south till noon and a barbecue dinner at the A. A. Calloway place. Come prepared to shoot—the fields are full out that way. We know you can eat. But can you shoot?

## Billie Cearley Candidate For District Clerk Office

BILLIE R. CEARLEY

This will introduce Billie R. Cearley of Anson, who visited the Herald Thursday morning. He was accompanied by his wife, a former Stamford girl, Miss Lucille McCulloch, a bride of less than a year. She says that it will take both of them to hand out the thousands of cards they have ready asking for the office of District Clerk. And here is Billie's formal announcement:

To The Voters of Jones County:

After due consideration, I have decided to enter the race for District Clerk of the 104th District Court, an office I consider very important.

I am sanguine enough to think that I am in all respects qualified to fill the place to the satisfaction of all concerned. Since June, 1936, I have been working as a clerk in the Jones County Agricultural Conservation Association, a job that requires carefulness and conscientious effort to perform.

Born in Anson, March 27, 1917, I have spent all my life here, except three years in Munday, Texas. After graduating from the Anson High school, I was for one year in Chillicothe, Missouri, where I took a course in bookkeeping, shorthand and typing in the Chillicothe Business College.

As a boy of twelve, I became a victim of osteomyelitis and I was kept in the Stamford Sanitarium for five months taking treatment for this disease. However, it left me in such a condition that I was forced to use crutches for two years in walking, and has incapacitated me for life from doing hard or manual labor. During my ward and high school days, I paid my expenses by selling newspapers and magazines and shining shoes. After finishing high school work here, I managed to save some money and with other help, I was enabled to spend a year taking the business course mentioned.

I have felt that I should say what I have about my early life in order to bring out the fact that since my stay in the hospital, I have been on my own and paying my own way.

After today, I will be at liberty to make an active campaign and will do my best to see every voter in the county. In the event I fail to see you, I will appreciate your considering this formal announcement as a special solicitation of your vote and influence.

I assure you that I will appreciate anything you may do in my behalf and that if elected, I will give my most conscientious effort to the task of making a district clerk of whom you will be proud.

Very sincerely yours,  
BILLIE R. CEARLEY,  
Anson, Texas

## Superintendent And Principals of Hamlin Schools Re-Elected

At a recent meeting of the Hamlin board of education, Superintendent G. R. Bennett was re-elected superintendent of the Hamlin schools for another term. Mr. Bennett is serving his first year as superintendent, having previously served as principal of the Hamlin High School for five years.

At the same meeting Frank M. Lawlis was re-elected principal of the High school and Hubert Morton was re-elected principal of the Elementary school for the next term. Mr. Lawlis has been in the Hamlin schools for two years, serving as principal of the Elementary school the past year.

Mrs. Duffield Smith and children, Duffield, Jr., and Wade Cassle, of Dallas, are guests in the home of her parents, Mr. and Mrs. H. O. Cassle.

## MASTER MAGICIAN COMING TO HAMLIN

Announcement has been made that Birch, America's foremost magician, with his company of assisting artists will play an engagement in Hamlin on Monday, April 1st, at the High School Auditorium.

Two performances will be held. The matinee begins at 2 P. M. and the night show starts at 8:00 o'clock. The Birch Show is the largest magic production now on tour in this country. Equipment, scenery and effects valued in excess of \$25,000 are carried and will be seen at the local performance.

Of the entire remarkable array of illusions, perhaps the most baffling is the famous Hindu Rope Trick. An ordinary piece of rope is tossed into the air, it remains rigid, a Hindu boy climbs the rope, and in the twinkling of an eye disappears!

Many tricks of magic will be brought before the audiences and capacity crowds are expected.

The show is sponsored by the Lions club.

## ELECTION NOTICE

Pursuant to law, notice is hereby given that an election will be held on the 2nd day of April, 1940, at the City Hall, in the City of Hamlin, Texas, for the purpose of voting for a Mayor and Three (3) Aldermen.

Given under my hand, this 2nd day of March, 1940.

JOE L. CULBERTSON, Mayor  
City of Hamlin, Texas (19-4t)

## Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

Mrs. H. A. Stone underwent a major surgery Monday in the Sweetwater hospital.

## Sweetwater Rotarians Gave Program Wed.

Sweetwater Rotarians took charge of the Hamlin Rotary program Wednesday. There were eleven in the party, including two women.

The purpose of this unusual visitation was to tell about the Rotary Conference that will be held in Sweetwater April 28-29-30. This promises to be the greatest attended in the district's history.

Chas. Paxton was the spokesman for the visiting Rotarians, and did a good job of it. In the party were Rotarians, Paxton, Philip Young, Zolly Steakley, John Pinson, Mrs. Pinson, Rev. Herff Applewhite, Buck Johnson, Ed Nines, Al Allison, M. C. Monroe and Mrs. Viva Dean. Mrs. Pinson was pianist, while Rev. Ap-

plewhite, John Pinson and M. C. Monroe sang southern melodies. Mrs. Dean rendered two charming solos. Besides the Sweetwater visitors there were a number from Stamford and Abilene.

Attorney W. H. Eyssen, Jr. and his wife have moved to Hamlin from Abilene to make this city their home. Mr. Eyssen's home was formerly Ft. Worth, but after graduating from the State University he practiced for a while in Abilene.

## Constipated?

"For years I had occasional constipation, awful gas bloating, headaches and back pains. Adlerika always helped right away. Now, I eat sausage, bananas, pie, anything I want. Never felt better." Mrs. Mabel Schott.

## Get Your Car Ready For Warm Weather Driving In Summer

Billie Gilbreath, local Sovereign Service dealer, has announced that his station is completely equipped to provide thorough Spring conditioning for all makes and models of cars. His "Sailor Girl" ads are starting this week in the Herald.

"Our sailor girl invites you to let Sovereign Service get the old bus 'ship-shape' " he said. "We borrowed that term from the Navy, where everything has to be spic 'n span, and that's just what we can do for your automobile. Hundreds of Sovereign Service stations all over this territory have been getting in Spring supplies and preparing their equipment so they will be ready for folks who want to hit the highways early in the season."

Complete modern service, including travelers' credit cards, is available at Sovereign Service stations now, Mr. Gilbreath said. This big organization of independent home-owned service stations has grown until it now blankets the central west, and motorists can 'go Sovereign all the way'.

We find that people like the friendly, interested service which comes when they deal with the home-town operator who owns his station and just naturally HAS to make good," Mr. Gilbreath explained. "More and more drivers are steering in where our yellow and maroon sign appears and that means we can give better and better service to every customer."

Note our new Sovereign Service series of advertisements as they will appear in this paper, starting this week. They contain facts and advice of value to all car owners — and the sailor girl, who appears in each ad, is said to be a "honey."

Automobiles need a "Spring house-cleaning too!"

Engineers say that for best summer service you should:

1. Switch to warm weather grades of grease and oil—get rid of worn-out, diluted, thin lubricants.
2. Check your battery after its winter-long starting job.
3. Flush your car's radiator to remove anti-freeze and clear circulation system so cooling process will be efficient on hot days.

This paper is made possible by the merchants' advertising.

## Killing Rabbits, Skunks Over Jones County

(By G. D. Triplett)

One candidate for county office was getting ready to attend the Lueders rabbit drive the other morning and was getting his gun ready for action when the gun was accidentally discharged in the courthouse floor. No one was injured—with the exception of the feelings of the one who held the gun, and he has been "ribbed" considerably over the incident.

And it has always seemed to us that rabbit drives are much more numerous during even numbered years than is the case in other years. These drives do, however, afford the farmers, businessmen and candidates a happy medium of getting together and killing off a few pests and enjoying a good dinner. Several other rabbit drives are slated in the near future.

Herman Alford Propst of the Plainview community, has expressed a desire to thank the businessmen of the county for sponsoring the 4-H club held recently in Anson. He says that the club boys of the county really appreciate this. Herman took his two beef calves to Ft. Worth and sold them, one for 10c and the other for 9 1-2 cents per pound.

Hagens Edmonds of Anson sold one of his beef calves to W. B. Hagens for 10c a pound, with Mr. Hagens taking the weight of the calf when it was weighed in for the club show. The other calf was sold for 9 1-2c a pound in Anson.

Last week in two of the papers in the county that carry "Over the County," we related that one Jones County farmer had become convinced that a smokehouse full of meat was not the proper place to kill a skunk, since he had to bury his meat in the ground for several days to remove the odor. The other morning we had a telephone call at an early hour and a voice said, "I see by the Over the County where you are an authority on the proper place to kill a skunk. I have one that I have trapped and thought you would be able to tell us the proper way and place to kill it." Said we, "That's your problem," and went back to

bed.

There were 82 families represented from communities all over the county at a demonstration of frame and tub gardens at the NYA girls' residence here Saturday, sponsored by the County HD club, FSA and NYA.

### THE ABOVE TRIPPLETT TIPS WERE CROWDED OUT LAST WEEK—NOW LISTEN

Again, as in the past two weeks, we must of necessity speak of skunks. However, we will admit that we speak not as an authority on the subject, having never made a close personal study of their habits.

But relaying the experience of having his meat odorized. He as did the first farmer, trap a skunk in his smokehouse, but having read in "Over the County" the other farmer's experience, carefully removed his meat supply before killing the skunk.

His only trouble was that his garage was next door to the smokehouse and even with the car doors closed and the windows up there still (a week later) remained a peculiar odor that was peculiar to only one animal.

The FSA, NYA and HD agents of the county staged a rather successful poultry demonstration here at the NYA residence Saturday. Speakers on various phases of poultry problems were Robert C. Cross, A. L. Allison and Miss Lee Ann Williams of the FSA and Miss Gladys Martin, H. D. agent.

Max King, small son of Mr. and Mrs. Robert King who live northeast of Anson, won several prizes during the recent 4-H club livestock show in Anson with his hogs and has since referred to himself as the "hog man." The idea was carried even further by his having been presented with a small bank, shaped like a hog. Max had money in his "hog" bank and decided to go to town the other afternoon and do some spending, but it took him so long to get just a small portion of the money out of the bank that he was so tired he could not go to town.

Hunting arrowheads and Indian artifacts within Jones county seems to be quite attractive to residents hereabouts. Sunday, while we were engaged in the same pursuit we came across a Stamford party, a Hawley group, a Truby bunch and num-

erous ones from Anson looking for these evidences of ancient life within the county.

## Four Santa Fe Officials Visited Here Tuesday

Hamlin business men had the pleasure of meeting a number of the Santa Fe officials here Tuesday. In the party were H. R. McKee, of Slaton, Division Superintendent; G. H. Minchin of Amarillo, Ass't. General Manager and his secretary, W. W. Brintall; and E. A. Tusha of San Angelo, Division Freight and Passenger Agent.

This visit was Mr. Minchin's first to this section of Texas and he is charmed with the fine outlook for business. Till recently Mr. Minchin had lived in Illinois and other states in the north. Mr. McKee is getting the West Texas look after spending 28 years in New Mexico, and he too likes this part of the state.

Mr. and Mrs. Jack Johnson are happy over the arrival of a fine 8 pound son on Thursday, March 21. His name is Martin Dee. His mother before her marriage was Maggie Rhoton.

Mrs. M. M. Bigham was taken to the Rotan Hospital Tuesday for treatment. She has been ill for several days.

## Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

## CCC Wants 4,000 Boys Month of April

Adam R. Johnson, director of the State Department of Public Welfare, who has the responsibility for the selection of boys for the Civilian Conservation Corps, has been advised that approximately 4,000 boys will be needed in April to bring existing camps to full strength.

"Boys who wish to be selected for the CCC must be of good character, at least 17 years old and not more than 23 years six months, and not have already served more than 18 months since July, 1937," explained Mr. Johnson, "for we desire only the best boys as members."

Application should be made to

## Spode

## BILLINGSLEY ROSE

The lacy daintiness of the jewel shape has a special appeal to the bride.

Arabesque in style—the rose painted in center, gives it an English feeling. Combined with the rich, creamy color of the ware, the whole is a pattern of rare beauty.

Can always be added to or filled in. "A Spode pattern is never discontinued."

**WITT JEWELRY**

the various County Welfare Offices as quickly as possible so when all county quotas are announced, those eligible may be sent to enrolling points. At present there are over 16,000 Texans in CCC camps; 10,000 in Texas and 6,000 in Arizona, Colorado, New Mexico and Wyoming—over \$300,000.00 per month being returned to the family groups of those boys.

"Members of the CCC cannot be automatically transferred to the Army," commented Mr. Johnson, "as they are considered in all respects civilian employees of the Government. Were they at home, at work on the farm, or in stores or banks, they would be no safer from Army service than they are as members of the Corps. Mr. Roosevelt has plainly and clearly stated he will not allow the militarization of the CCC and has gone so far as to place the camp commanders on a civilian basis."

"Texas boys will find the CCC experience one of the most beneficial of their lives, where the best of care, food and attention is theirs, while they are able to assist their families with the allotments," added Mr. Johnson.

Anything that will hold an inch of water makes a good nest for mother mosquito to deposit a batch of eggs, and later, O Gosh, it just takes a few days of warm weather to do the trick. Look out for old buckets, old cans, NOW.

Gratitude is one of those things that cannot be bought. It must be born with men, or else all the obligations in the world will not create it.—Lord Halifax.

Orange or lemon peel or anything sweet, or juicy, makes good food for mosquitos. So keep your place clean and help starve them NOW.

Happiness is not a reward—it is a consequence. Suffering is not a punishment—it is a result.—Robert Ingersoll.

## SATISFACTORY WATCH REPAIR

NO MATTER HOW FAR GONE YOUR TIMEPIECE SEEMS, WE CAN REPAIR IT TO GIVE ACCURATE SERVICE. NO CHARGE FOR ESTIMATE — LOW CHARGE FOR SERVICE!

**WITT Jewelry**

Take things gently; forget the ill, remember the good; never fret about what you cannot understand; be kind to man and beast, for all need kindness; make much of the sweet, tender, homely things which, after all, are the true riches.—David Smith.

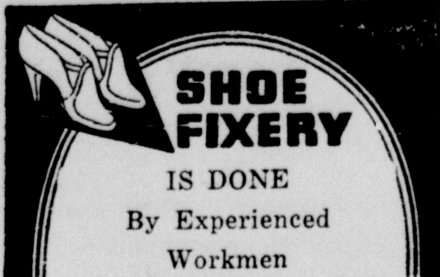

If Hamlin is to outsmart the mosquito, everybody must clean out, clean up and keep clean. The best time to start is NOW.

Today well lived makes every yesterday a dream of happiness, and every tomorrow a vision of hope.

—Kali-Das

The Herald has a card from Mr. and Mrs. Tronny R. Carter who recently moved to California. They located at Van Nuys, Calif, 8837 Willis Avenue. Their card praised the climate of their new home, saying they have sunshine and no sandstorms. Oh yes, the Herald is going to them right now.

## How To Relieve Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

## CREOMULSION

For Coughs, Chest Colds, Bronchitis

## Our work has just begun

**YOU** think electric service is a wonderful thing—and it is. It lights our homes. It makes our streets safe at night. Turns wheels in factories. Lifts the burden of housework. Helps make the good things of life cost less.

Really, there doesn't seem much left for electricity to do, does there?

Yet we employees of your electric company believe that every service and comfort electricity now gives you is but a beginning of what's to come.

Why, today we don't even know what electricity is. We simply know and enjoy some of the things it is capable of doing every moment of the day and night. But we also know that there are still a great many undiscovered tasks for electric service.

Who will perform these miracles-to-come?

The men who serve you now—the same great army of skilled technicians, capable managers and loyal employees whose tireless efforts in your behalf have already vastly improved the service your electric company gives you, already drastically reduced its cost.

No, it isn't an accident that electricity has reached its greatest present development in the United States. The reason is that these thousands of men and women in the electrical industry have the American spirit of initiative—the good old-fashioned kind.

Their work, and theirs alone, makes your electric service the best in the world. It's an amazing service. It gets better and better, costs less and less.

Your electric company doesn't often think about the work it has done because it is too busy planning the work that lies ahead.

### MORE FOR YOUR MONEY

In the last 10 to 15 years, the engineering improvements and operating economies of your electric company have made it possible to cut the average price of household electricity just about in half. Many customers now using more household appliances, lots of light, a radio, and refrigerator pay very little more to operate all of these than they used to pay for light alone.

## Woman's Literary

### Club Is Sponsoring

#### Easter Egg Hunt

Under the co-operation of the Chamber of Commerce, The Rotary Club and the Lions Club, the women of the Womans Literary Club are sponsoring an Easter Egg Hunt in the City Park this Saturday morning at 10:00 o'clock, for the children of the entire Hamlin community. Every school child in all the surrounding country has an invitation to come to the park before the hour and line up for the hunt. 5,000 eggs will be hidden and many of them will have numbers on them that will entitle the finder to prizes by the Hamlin business men. Everything is FREE.

## Mrs. Otis Hopper

### Hostess to Club

Mrs. Otis Hopper was hostess to members of the Trece Senoras club in her home Tuesday afternoon.

Peach blossoms were used in room decorations where an Easter theme was emphasized in game appointments and was repeated in the refreshment plate.

In games of bridge Mrs. M. T. Hudson won high score for club members and Mrs. J. P. Morgan for guests. Others playing were Mmes. Frank Lawlis, Bill Rountree, Clinton Barrow, Roy Gilbreath, Fred Carpenter, C. F. Butcher, Raymond Jones, O. G. Henry, Willard Ma-berry and the hostess.

## Hoot Owl Club

A Saint Patrick motif was used in tallies and refreshments when Mr. and Mrs. Clinton Barrow entertained the Hoot Owl club in their home Thursday evening, March 14, with three tables of bridge. High scores were made by Mrs. L. H. McBride and G. W. Turner.

Those playing were Messrs. and Mmes. R. Y. Barrow, Roy Gilbreath, Bill Rountree, L. H. McBride, G. W. Turner and the host and hostess.

## California Visitors

### Honored at Home of

#### Mr. and Mrs. D. B. Scott

The home of Mr. and Mrs. D. B. Scott of Round Top was the scene of a Sunday dinner honoring Iva Stephenson and Mr. and Mrs. Wendell Stephenson of Bakersfield, California, who are visiting their parents, Mr. and Mrs. D. B. Scott of Round Top, and Mr. and Mrs. Will Bates of Roby.

Others enjoying the hour were Mr. and Mrs. George Lenard and children and Mr. and Mrs. Buck Scott of Rotan; Mrs. Scott and children of Hamlin; Mr. and Mrs. Douglas Eaton and children of Round Top community; Misses Corene and Marlene Bates of Roby and Miss Thelma Stephenson.

Those coming as visitors in the afternoon were Mr. and Mrs. Gene Scott and son and Orval Pack of Hamlin.

## Womans Literary Club

### Met With Mrs. Tom

#### Teague

Friday afternoon in her home on Jackson Avenue, Mrs. Tom Teague was hostess to the Woman's Literary Club.

A program on American culture was directed by Mrs. Heflin Miller who discussed Little Theaters and American Drama. Others contributing to the program were Mrs. Henry Albritton who gave a piano number and also talked on Contemporary American Music, and Mrs. Wallace Walton who discussed Modern Trends in Art.

In a business session plans were perfected for a book review to be given by Mrs. Billy Bryant, of Stamford, Friday afternoon at 3:00 o'clock in the First Baptist church, at which time Mrs. Bryant will review Children of God by Vardis Fisher. A silver tea will be held in connection with the book review, celebrating the Golden Jubilee of Federated Club Women.

The women of Hamlin and community are cordially invited to attend.

## Fidelis Matrons

### Hold Spring Social

Mmes. Carl Young, Jack Miles, S. T. Brunson and Jimmy Blanton were hostesses for a lovely spring party, Tuesday afternoon, in the home of Mrs. Young on Lake Drive, when they entertained members of the Fidelis Matrons Class of the First Baptist church.

Pear and peach blossoms were combined to decorate rooms where games and contests were played.

Mrs. Tom Williams, Class president, presided over a brief business session.

An attractive salad plate was served to the teacher, Mrs. Fred B. Moore and the following members: Mmes. Loy Fry, Calvin Smith, Joe Simpson, Ross Fomby, O. L. Henry, J. Ubben, Mac Brundage, Frank Johnson, Vernon Harrell, Tom Williams, Don Yarborough, R. E. Johnson, the hostesses and Mrs. Charles Sellers, a guest.

## Stamford Choral Club

### Presents Program

The student body of the Hamlin High school was entertained Wednesday afternoon with a program given by the Choral Club of Stamford High school, under the direction of Miss Maxine Roland. The program featured the Choral Club, the girls' sextet, a piano solo and a violin solo.

## Methodist Young

### People Hosts for Tea

The Young People of the Methodist Church entertained in the home of the pastor Rev. and Mrs. John W. Hendrix, Friday afternoon, with a silver tea.

Guests were greeted by Miss Dorothy Gardner and Bob Jack Low, who presented Rev. and Mrs. Hendrix. Others receiving were Misses Floy Hudson, Charlotte Dillingham, Mrs. Don Gould and S. E. Brooks.

Miss Tommy Nell Holman invited guests into the dining room where Misses Billy Faye Rountree and Peggy Jane Teague poured tea. They were assisted in serving by Jo Barton and Joan Culbertson.

The tea table laid with a lace cloth was centered with a crystal bowl of pink and white snapdragons. Green candles in crystal holders completed the arrangement where a green and white Saint Patrick theme was emphasized in refreshments and favors.

Bouquets of tulips, jonquils and hyacinths were placed at vantage points in the entertaining rooms.

Miss Herbie Faye Johnston directed to the register where Miss Joyce Hudson secured guests names. Piano music was furnished by Miss Anita Anderson during the calling hours.

## Jones County Baptist

### Women Will Meet

#### In Anson March 26

The Jones County Womens Missionary Union Mission Study Institute will meet in the First Baptist church in Anson Tuesday, March 26, for an all day session.

The following program will be rendered.

9:30, Devotional—Mrs. M. P. May  
9:45, Day Dawn in Yuba Land—Mmes. Stell and Doyal.

10:30, Livingston the Pathfinder—Mrs. Geo. Smith, Inter.—R. A. & G. A. Book.

11:15, Little Black Sunday—Mrs. George Florney, Sunbeam Book.

11:45, Inspirational Address—Mrs. Dick O'Brien.

12:15, Covered Dish Lunch.

1:15, Song Service and Prayer.

1:30, Patricia of Rumania—Mrs. H. E. East, Junior R. A. & G. A. Book.

2:00, Day Dawn in Yuba Land—Mmes. Stell and Doyal.

2:30, Short Business Session.

## Awards Are Made

### To The Students Of English Department

Local awards for winners of a preliminary contest of the American Youth Forum were made Wednesday by Mrs. B. M. Brundage, presi-

dent of the Hamlin High School P.T. A. which sponsored the contest for the High school English department.

In the junior-senior division, first place and prize were awarded to Stanley Wilson; second to Jean Young; third, Dorothy Fern Routh; and fourth, Hazel Adkins. Those receiving honorable mention were: Charles Brown, Verna Mae Sipe, Odean Murphree, Herbie Faye Johnston, Harold Fletcher, and W. A. Brown.

In the freshman-sophomore division, first place was won by Marion Sayer; second, Hope Cade; third,

Frances Shelburne; and fourth, to Vera Pearl Fielder. Honorable mention was given to La Nelle Andress Koleta Adkins, Selma Hassen, Craig-elene Elmore, Mary Nell Bell and Virginia Hampton.

The winning papers of each division will be forwarded to the American Magazine to compete in the National American Youth Forum contest.

Judges for the junior-senior contest were: Mrs. Fred Moore, Mrs. Holly Toler, and Mrs. R. E. Johnson; and for the freshman-sophomore contest: Mrs. J. L. Keen, Mrs. J. Carlton Kinchen, and Mrs. M. Y.

Wilson.

The Hamlin High School P.T. A. sponsored the American Youth Forum contest in the High school last year, and Bessie Joiner, a 1939 graduate of Hamlin High school, received honorable mention in the National contest.

Mrs. W. D. Cooper received a message Saturday at 9:00 o'clock P. M. that her brother, R. D. Lawrence of Norman, Okla., had passed away. Mrs. Cooper was unable to attend the funeral on account of recent illness.

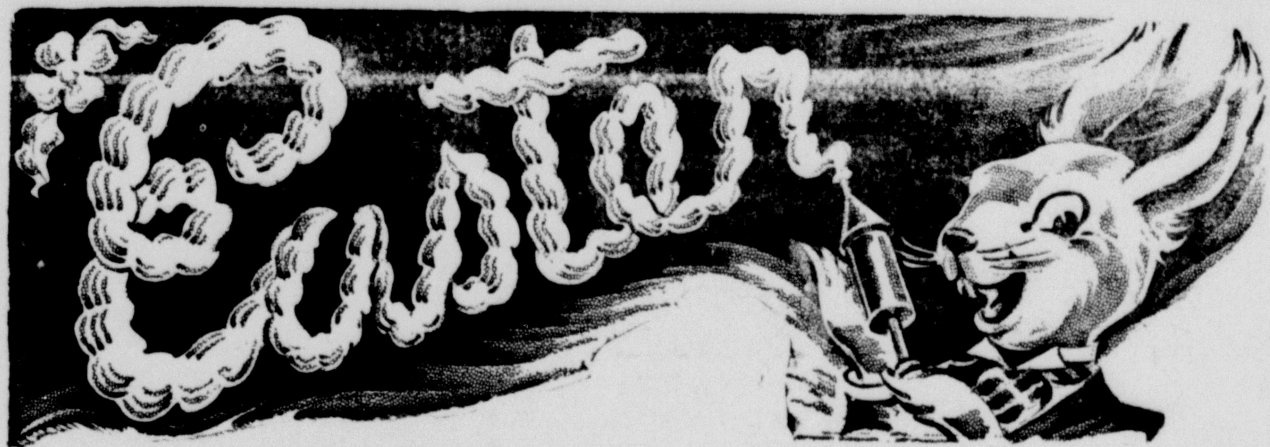

Misses Katherine Magee, Ione Evrage, Nita Tidwell and Pauline Gabriel spent Sunday in Ft. Worth seeing the Fat Stock Show.
